

PERFORMANCE BY DESIGN INTENZA 450 SERIES TREADMILL PAGES

intenza

A sophisticated design which demands attention
whilst respecting the original.

MARK CHANG
CEO INTENZA FITNESS

QUICK START

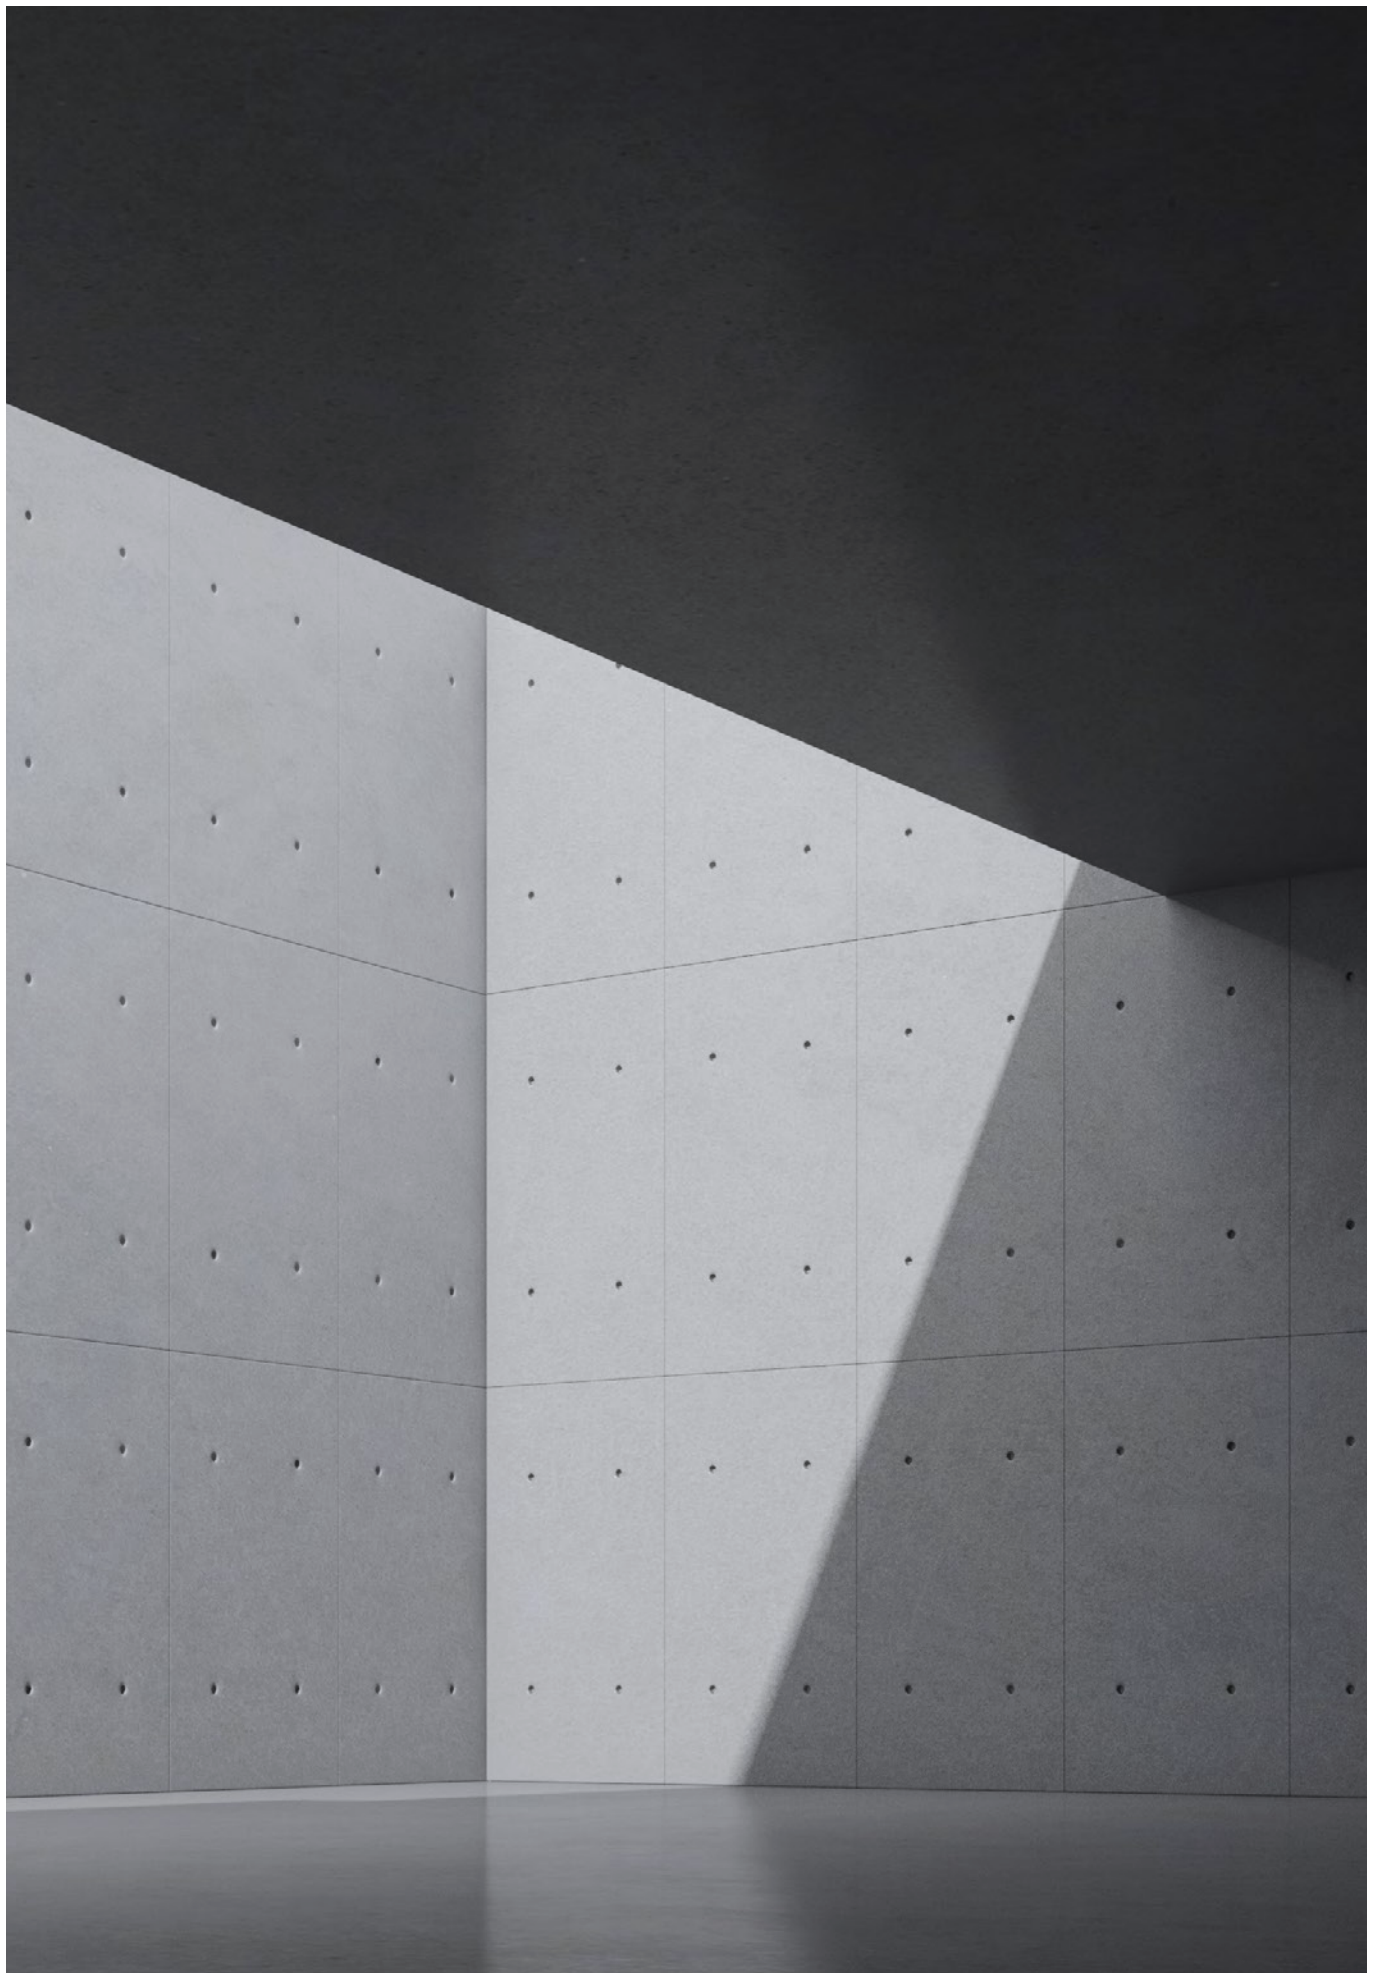

Iconic and powerful, the term Intenza Design refers to a particular approach to creating products. A typical feature is the combination of technical innovation, aesthetics and a degree of user—friendliness that has been thought through down to the smallest detail— pared down to the essence, whilst retaining the poetry.

• **AESTHETICS** The unique monochromatic look of the Intenza 450 Series epitomises contemporary treadmill design whilst retaining its 550 Series' heritage • **A SOPHISTICATED DESIGN WHICH DEMANDS ATTENTION** Hard Black colourway accentuates the treadmill's look. A stunning visual counterpoint in any environment • **MADE FOR RUNNERS** Touch through haptic cues communicates security in a physical form. Builds rapport, comfort and confidence. High traction anti-slip running belt surface delivers stability. Intenza signature pre-waxed running deck offers refined shifting for effortless acceleration/deceleration • **VISUAL CUES** Intenza Wordmark on running belt identifies that the machine is in operation • **SAFETY AND SECURITY** Flush sidelanding design creates a clean exceptionally pure line, reduces noise, improves aerodynamic efficiency and delivers a safe run free of obstructions. Ergonomic handlebars are comfortable to grip, strong and stable • **3 WAYS TO STOP ON COMMAND** On your instruction the 450 Treadmill is halted through **1** EBS (Emergency Brake System) which is deployed after safety tether becomes detached from clothing **2** CCS stop button. Runners press to pause the treadmill when feeling fatigued or to take a timeout and **3** Via console. During training, press the stop button to bring the treadmill to a standstill at any time • **SMART AUTO STOP ISS** (Intelligent Stop System) running belt will stop automatically when user not in the running zone • **PROGRAM RICH** Central to your running experience, the Intenza 450 Treadmill brings together two performance console options covering a wide range of running conditions. Training goals are supported by 34 programs on 450 i2 Console whilst its counterpart, the i2S, offers 17

450i2S

Adding architectural elegance with a dramatic look, the 450 Series Treadmill delivers visual information through surface materials affording haptic perception—function coupled with touch—sensitive surfaces that enhance the user experience.

Engineered to strike a balance between power, performance, size and stability this intuitive machine is designed for intense, focused training. Compact yet capable, the 450's running deck is optimised to meet the needs of runners seeking longer strides.

Durability—tested for more than 5,000 hours, the Intenza 450 Series delivers unparalleled performance and stability. And, with gradients of up to 12 degrees, runners can supercharge endurance training, enhance conditioning and power train for their next big challenge.

HRM

- **BELT** Pre-waxed PU belt • **CONTROLLER** AC inverter • **CUSHIONING** Elastomer shock absorber • **DECK** Double side pre-waxed reversible deck • **INCLINE** 0—12% • **MAX USER WEIGHT** 181kg (400 lbs) • **MOTOR** 4 HP industrial grade AC motor • **RUNNING SURFACE** 56 x 155cm (22 x 61") • **SPEED** 1—25km/h (0.6—15.6 mph) • **STEP—UP HEIGHT** 27cm (10.6") • **ACCESSORIES HOLDER** Conveniently placed accessories holder for portable music players and mobile phones • **COCKPIT** Spaciously designed for your comfort and convenience
- **ERGO BAR CONTROL CENTRE** Manual stick shift for speed and incline adjustment at an easy-access position during workout • **MOTOR HOOD** Streamlined motor hood design offers unobstructed space for running in comfort
- **WATER BOTTLE HOLDERS** Dual water bottle holders support 1 litre water bottles • **COLOUR** Hard Black

- **UNI—DIAL™** A simple twist of the precision dial gives exercisers complete control of all console features and options
- **12" LCD DISPLAY** Enhanced display readability powered by a beautifully proportioned 12" LCD display offers clean easy to read UI which guides users through training
- **INCARE™ SUPPORT** Intenza's proactive product maintenance program. When service is required the Wi—Fi enabled i2 Console automatically delivers diagnostic reports to the InCare™ server as well as installation of the latest software updates
- **POLAR®—CODED** Polar®—coded wireless telemetry with integrated heart rate receiver delivers the most robust heart rate monitoring technology on the market
- **BUILD YOUR BRAND** Connect to your community through the 450 i2's dynamic messaging screensaver function. Through USB port, 10 image files of your choice connects you to your club as well as the installation of software updates
- **TRAINING OPTIONS** 34 programs over six categories keep exercisers progressing and training regimens on track

- **DISPLAY READOUTS** Displays information relevant to product type during exercise
- **HEART RATE MONITORING** Polar®-coded wireless telemetry technology: built-in heart rate receiver (heart rate transmitter strap required). Digital contact heart rate technology ensures precision and reliability
- **ON-THE-FLY** Allows switching to other workout programs during exercise
- **POWER SAVING SYSTEM** Energy saver mode is used to minimise power consumption (not exceeding 0.5W) which meets Erp EC 1275/2008 requirements
- **MYE AUDIO KIT OPTIONS** Optional accessories support MYE audio receiver
- **UNI-DIAL™ CONTROL** Complete access and control of user interface features and settings with the convenience of a Uni-Dial™
- **C-SAFE STANDARD POWER** Standard C-SAFE power supports the power supply of external tools
- **C-SAFE CONNECTIVITY** Optional connectivity facilitates data transfer (available by demand)
- **DISPLAY TYPE** Industrial grade 12" colour TFT LCD display for longer life time
- **INCARE™ ONLINE** Supports InCare™ Online and software update
- **LANGUAGE** 21 countries are offered
- **SCREEN SAVER** Upload 10 image files for messages or commercial advertisements to be displayed during stand-by
- **WI-FI CAPABILITY** Supports InCare™ Online, software update
- **USB CONNECTIVITY** For setting and software upgrade
- **WORKOUT OPTIONS** Fitness Test, Quick Start, Target Programs, Preset Program, HR Control, Race (available programs depend on product type)
- **COLOUR** Hard Black
