

INTENZA INSTALLATION PORTFOLIO **XAREFIT TAIPEI**

intenza

Finding a gym or a great workout class in Taipei can be just as overwhelming as seeking out a new restaurant or bar, but whether you're looking to diversify your workout or find a new way to sweat, XareFit has it covered. Located in the upscale Xinyi District, models, moguls, influencers, tastemakers and those looking to squeeze in a lunch hour training session swear by this gym.

Centrally located, XareFit is a natural partner for work day wellness as this state—of—the—art gym provides a comprehensive fitness experience to those working, and living, in and around the neighbourhood. And, alongside signature classes, members can also enjoy workshops, pop—up classes, and events hosted by XareFit partners, such as Nike, wework and Intenza which promote health and wellness in the community and beyond.

Take your workout to new places and explore beautiful scenery from all over the world that moves dynamically as you run, walk or hike. With multiple scenes to choose from, Intenza's 550 Entertainment Series console makes every visit to the gym inspirational, yet practical.

Realising the need to make proper training accessible in terms of location, price, and support XareFit's diverse community can enjoy a variety of options ranging from relationship—based, private one—on—one personal training to small group training with attention to detail, help with technique (and the group energy of support and encouragement) or; for those who already understand their “why?” simply go solo. It all comes down to your goals—and what motivates you to get moving!

• **INTENZA 550 Te2 TREADMILL** Not your average treadmill, the 550 Series is built to stand up to the most demanding gym environments and has appeal to those who want more out of their treadmill workout while still accommodating regular treadmill users. With a top speed of 25 km/h the 550 Series enables users to train at a greater variety of paces, including those ideal for a mile to marathon length run or sprint, and the increase in maximum incline from 0—15% is great for walkers who want an additional challenge with an increased opportunity for fat burn. Designed and engineered for exceptional dynamics, the iconic Intenza 550 Series Treadmill is made for runners.

• **INTENZA 550 Ce2 ESCALATE STAIRCLIMBER** The Ultimate User Experience. Setting a new standard, the 550 Ce2 redefines the stairclimber product category through its Smart Step—Height™ value proposition by offering the broadest range of users from fitness enthusiasts, who recognise the value in being able to regulate step height intensity to active agers, to beginners or those engaging in post—surgery progressive exercise, a spectrum of 20 different step heights 4" through 7.7". Variations in incline, speed and exercise settings allow for a training and exercise experience that is more versatile than any other stairclimber has been able to offer.
