# PERFORMANCE

## UNMATCHED DURABILITY

Built with premium components and validated through 4,000+ hours of durability testing to ensure maximum uptime and long-term reliability.

## IN-HOUSE DESIGN & VERTICAL INTEGRATION

Intenza controls every element—hardware, software, and assembly—for seamless performance, intuitive interfaces, and consistent quality.

## InCare™ PROACTIVE MAINTENANCE

A smart support ecosystem that reduces downtime, extends equipment lifespan, and lowers total cost of ownership.

# DESIGN

## ESCALATE—THE ONLY STAIR CLIMBER WITH ADJUSTABLE STEP HEIGHT™

20 adjustable step heights (4"—7.7") empower facilities to serve athletes, beginners, and low-mobility users alike—expanding accessibility and maximizing training versatility.

## WHISPER—QUIET

Ideal for high-rise gyms, boutique studios, and premium hospitality spaces. Intenza treadmills operate significantly quieter than comparable models—improving ambiance and user experience.

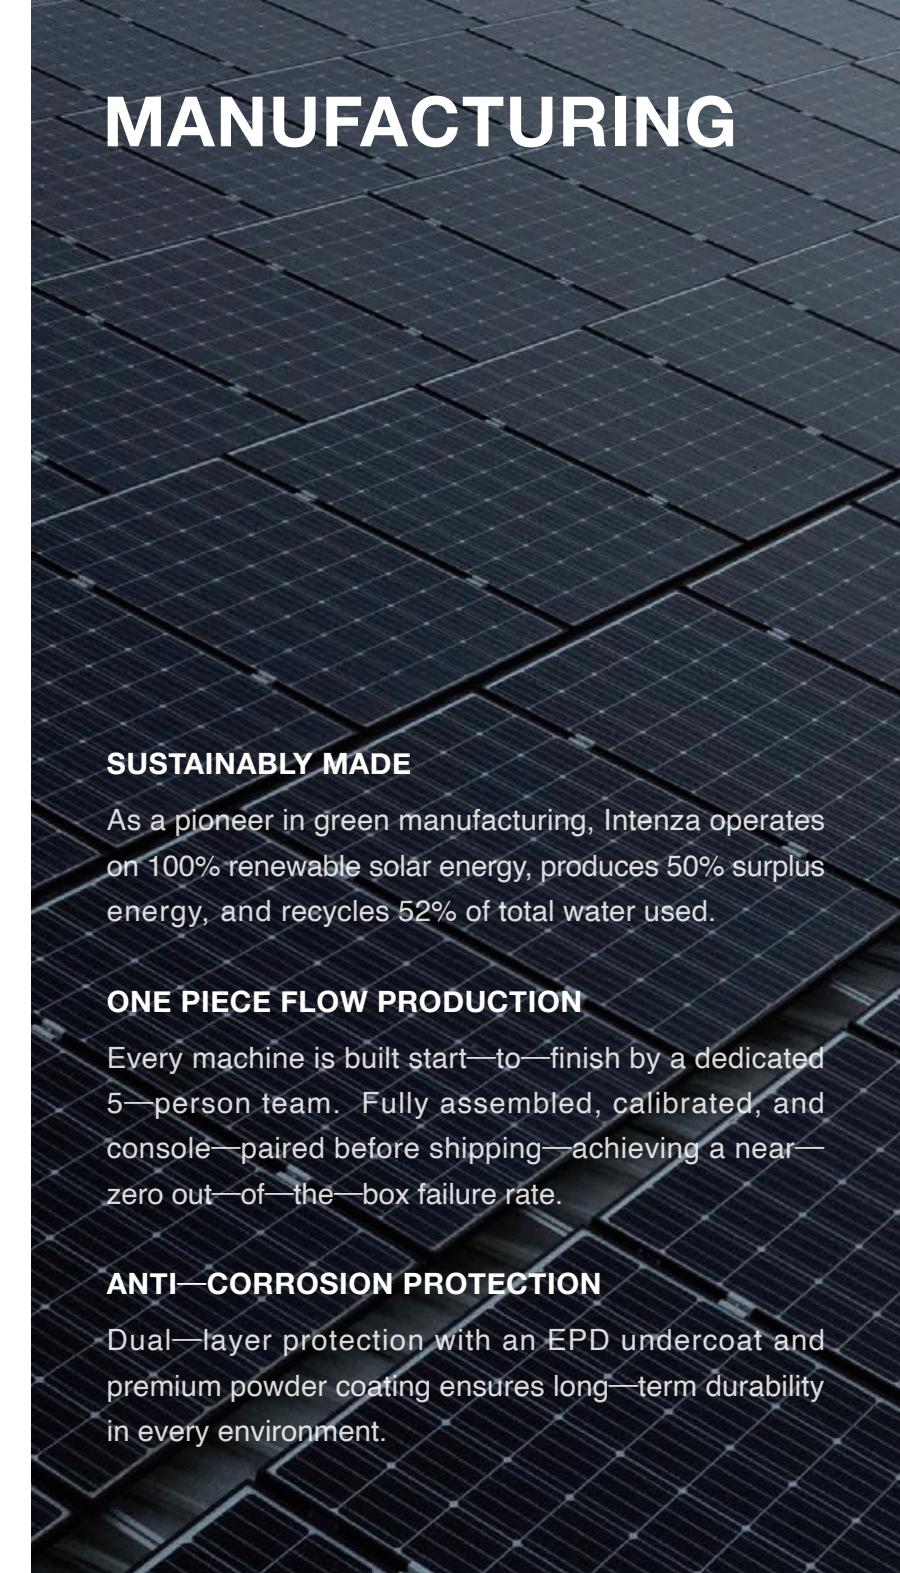

## MADE FOR EVERY BODY

Every machine is engineered for all users, delivering superior stability, comfort, and safety across a wide range of training needs.

# MANUFACTURING

## SUSTAINABLY MADE

As a pioneer in green manufacturing, Intenza operates on 100% renewable solar energy, produces 50% surplus energy, and recycles 52% of total water used.

## ONE PIECE FLOW PRODUCTION

Every machine is built start-to-finish by a dedicated 5-person team. Fully assembled, calibrated, and console-paired before shipping—achieving a near-zero out-of-the-box failure rate.

## ANTI-CORROSION PROTECTION

Dual-layer protection with an EPD undercoat and premium powder coating ensures long-term durability in every environment.
